The Company has allocated additional resources to strengthen the Governance and Assurance function in order to support the needs of the businesses within the Group.

During the reporting period, the Company also developed and implemented the Health, Safety and Wellbeing Policy, the Environmental Policy, the Capital Management Policy, the Sustainability Policy, the Climate Change Position Statement, an Indigenous Peoples Position Statement, and its FY22 Modern Slavery Statement as well as in excess of 20 Group Standards. The Board delegates management of the Company's affairs and implementation of the corporate strategy and policy initiatives to the Company's Executive management team (Group Executive Committee) under the leadership of the Managing Director & CEO.

Mark Norwell commenced in the role as Managing Director & CEO of the Company on 17 September 2018.

The Managing Director & CEO is responsible for the day-to-day management of the Company. The Managing Director & CEO is supported in this function by delegating authority to the appropriate members of the Group Executive Committee for specific activities and transactions. This authority is governed by a formal delegation of authority that is approved by the Board and which is reviewed as required.

The Managing Director & CEO, and Group Executive Committee are responsible for providing the Board and Board Committees with accurate, timely and clear information on the Company's operations. This includes information on the Company's compliance with material legal and regulatory requirements and any conduct which is materially inconsistent with Company's principles or Code of Conduct.

Management's discharge of its responsibilities is monitored through regular Board reporting by the Managing Director & CEO and performance evaluations of the Managing Director & CEO, and Group Executive Committee (see section 1.10 below).

1.7 THE ROLE OF COMPANY SECRETARY

1.8 DIRECTOR NOMINATION AND APPOINTMENT

The Nomination Committee assists the Board in fulfilling its oversight responsibilities in relation to the Board's composition, performance, professional development, and succession planning. Further information on the key responsibilities of the Nomination Committee is set out in the Nomination Committee Charter.

The Nomination Committee regularly reviews the skills represented by the Directors and considers whether the composition of the Board meets the necessary and desirable competencies of Directors (by reference to the Board Skills Matrix). The Nomination Committee ensures that the Board succession plans remain appropriate for the Company's strategy and to maintain an appropriate mix of skills, experience, expertise and diversity on the Board.

The Nomination Committee also considers and reviews the process for nomination and selection of new Directors and the process of evaluating the performance of the Board, its committees, individual Directors, and the Group Executives.

Before the Board appoints a new Director or puts forward a candidate for election, the Board ensures that the Company undertakes appropriate checks which include but are not limited to, reviewing the person's character, experience, education, criminal record and bankruptcy history. Interviews with the potential candidates are conducted by existing Directors to ensure the appropriate fit for the strategic direction of the Company. Appropriate discussions with third parties may also be undertaken.

Any Director who has been appointed during the year must stand for election at the Company's next Annual General Meeting (**AGM**). Shareholders are provided with all material information in the Company's possession relevant to their decision as to whether to elect a new Director.

Upon appointment, each Director receives a letter of appointment which sets out the formal terms of their appointment. Directors also receive a deed of indemnity, insurance and access. Director remuneration details are included in the Remuneration Report in the Annual Report.

1.9 DIRECTOR RETIREMENT AND RE-ELECTION

The Company's Constitution provides that there must be an election of Directors at each AGM and that no Director (except the Managing Director) may hold office beyond the third AGM following their last re-election. Directors retiring at the AGM due to the tenure limitation may stand for re-election. The Company's Constitution also provides that any person appointed as a Director to fill a casual vacancy or as an additional Director holds office only until the conclusion of the next AGM and is eligible for re-election at that meeting.

Directors' biographical details, including their relevant qualifications, experience and skills, are detailed on the Company's website and in the Annual Report.

The Board's recommendation in respect of the re-election of an existing Director is not automatic and is contingent on their past performance, contribution to the Company, and the current and future needs of the Board and the Company. Shareholders are provided with all material information in the Company's possession relevant to their decision as to whether to elect or re-elect a new or existing Director.

Robert Cole and Timothy Longstaff will retire and stand for re-election at the 2023 AGM.

As announced to the ASX on 26 June 2023, the Company proposes to acquire 100% of the shares in DDH1 Limited (DDH1) by way of a scheme of arrangement transaction (Scheme), subject to satisfaction of all conditions precedent to the Scheme. Following implementation of the Scheme, Diane Smith-Gander AO (current chair of DDH1) and Andrea Sutton (current non-executive director of DDH1) will join the Board. As the exact date of implementation of the Scheme is not yet known, it is proposed that they be appointed as Directors as soon as practicable after the 2023 AGM, once implementation of the Scheme has occurred. It is proposed that both candidates will therefore stand for re-election at the 2024 AGM.

If the Scheme is implemented, Mark Hine (who has served as a Director for 9 years) will take the opportunity to retire from the Board.

1.10 PERFORMANCE REVIEWS

(a) Board Performance

The performance of the Board, its Committees, and individual Directors is reviewed throughout the year.

The Chair evaluates the Board, Board Committees, and individual Non-executive directors. The remainder of the Board evaluates the Chair.

During the reporting period, the Board engaged a third party to conduct a Board performance evaluation via an online self-assessment process. The review evaluated the performance of the Board as a whole, the Chair and the individual Directors and included feedback from the Managing Director & CEO, and the Group Executive Committee. The results of the performance evaluation are used to drive improvement in the Board's performance.

As part of the performance evaluation, the Chair considers whether there is a need for existing Directors to undertake any professional development.

The Chair also holds regular confidential discussions with the Directors and Managing Director & CEO throughout the year to obtain feedback on the operation and quality of decision making of the Board.

(b) Managing Director & CEO, and Group Executive Performance

The Managing Director & CEO, and the Group Executive Committees have written agreements with the Company setting out their employment terms, including remuneration and performance requirements. The Board is responsible for monitoring Management's performance and implementation of the Company's strategy.

The Board conducts a performance review of the Managing Director & CEO each year.

The Managing Director & CEO conducts annual performance reviews of the Group Executives to evaluate their performance against relevant performance measures and reports to the Board on the outcome of this review. The process for evaluating the Group Executive Committee's performance and remuneration is set out in the Remuneration Report in the Annual Report.

Performance evaluations of each member of the Group Executive Committee's performance took place during the reporting period in accordance with the process disclosed in the Remuneration Report.

2. Structuring the Board to be effective and add value

2.1 BOARD COMPOSITION

The composition of the Board is designed to include Directors that bring complementary skills and experience to ensure sustained delivery of value to shareholders in a manner that is consistent with the Company's principles, supports Management and the business, and protects the interests of shareholders.

The Company's Constitution provides that the Board should comprise of between three and eight Directors.

The Board Charter provides that the majority of the Board should be independent Non-executive directors.

The Board currently comprises seven Directors, six of whom are Non-executive directors.

The Directors have elected Robert Cole as the Chair. The Chair is an independent Non-executive director, as required by the Board Charter. Details of the current Directors are set out in section 1.1 above.

2.2 DIRECTOR SKILLS AND EXPERIENCE

The Company is committed to ensuring that the composition of the Board continues to include Directors who bring an appropriate mix of skill, experience and expertise to Board decision-making. The Board also aims to retain a balance between long-serving Directors with experience and knowledge of the Company's business and history, and new Directors who bring an external perspective and different insights.

The Directors have a broad and diverse range of experience and skills across a number of business areas.

The following Board Skills Matrix describes the proportion of Directors on the Board with particular areas of competence, skills and experience. The Board Skills Matrix recognises direct, practiced experience or a high level of knowledge or awareness in the area of competence. The Board Skills Matrix is current as of 21 August 2023.

To the extent that any skills are not directly represented on the Board, they are realised through Management and external advisors.

The Board Skills Matrix is considered by the Board to guide its assessment of the skills and experience of new and existing Directors and to identify any gaps in the collective expertise of the Board for the purpose of Board succession planning.

2.3 DIRECTOR INDEPENDENCE

The Company recognises that having a majority of independent Directors helps to ensure that the decisions of the Board reflect the best interests of Company and its shareholders generally and that those decisions are not biased towards the interests of Management or any other group.

The Board Charter requires a majority of the Directors to be independent.

The Nomination Committee and Board regularly review the independence of each Non-executive director and completed an independence assessment for FY23 in accordance with the ASX Recommendations and Principles.

In determining whether a Director is independent, the Board considers whether the Director is free of interests that could (or could be perceived to) materially interfere with the independent exercise of that Director's judgement and their capacity to act in the best interests of the Company and its shareholders generally.

The Board takes a qualitative approach to assessing materiality and independence on a case-by-case basis by reference to each Director's individual circumstances rather than applying strict quantitative thresholds.

The Board considers the following Non-executive directors to be independent:

2.5 CONTINUING DEVELOPMENT OF DIRECTORS: ACCESS TO INFORMATION, TRAINING AND ADVICE

All Directors are expected to maintain the knowledge and skills required to discharge their obligations to the Company.

Both the Board and the Nomination Committee have oversight of the Directors professional development program. On an ongoing basis, Directors are provided with papers, presentations, external courses or education sessions and briefings on matters which may affect the business, strategy, risks or operations of the Company, gaps identified in the Board skills matrix, topical corporate governance issues.

Directors have access to all Board Committee papers and are invited to attend all Committee meetings regardless of whether they currently serve on that Committee. Directors are also entitled to request any other information they consider necessary to make informed decisions and have access to the Company Secretary.

As part of the review of the Board's performance identified in section 1.10, the Board reviews the need for any Directors to undertake professional development to maintain the skills and knowledge needed to perform their role effectively.

Any professional development needs identified during this process are addressed during the following period. Relevant training and professional development is available to Directors at the Company's expense, where applicable.

Directors are also entitled to seek independent professional advice at the Company's expense, subject to the prior written consent of the Chair.

2.6 CONFLICTS OF INTEREST

Directors are required to disclose all interests that may conflict with their duties. The Board has also adopted a Conflicts of Interest Protocol which is set out within the Board Charter.

Pursuant to this protocol, a Director may, at any time, declare a conflict of interest in relation to a matter by notification to the Company Secretary in writing.

The Board reviews the current Register of Interests at each Board meeting.

If a Director has a material personal interest in a matter being considered by the Board, they must not be present for the consideration of that matter or vote on the matter and will not receive any information which relates to that matter.

9.1 GENDER DIVERSITY

Recognising that the success of our business strategy is intrinsically linked to a workforce that is capable and diverse, the People and Remuneration Committee have endorsed an Inclusion and Diversity (I&D) Roadmap that conveys Perenti's multiyear journey to achieve an inclusive and gender balanced workplace. Specifically, the I&D Roadmap sets out Perenti's inclusion and diversity beliefs, the Company's aspiration for the future, and how we will get there.

Despite not setting specific measurable objectives for achieving gender diversity during the reporting period, to support the improvement of gender diversity as outlined in the I&D Roadmap, gender diversity targets have been endorsed in FY23, including 33% female representation in the global workforce by 2033, 40% female in senior leadership by 2033 and 40% female at the Board and Group Executive Committee team by 2030, consistent with our commitment to the Hesta 40:40:20 vision. In FY24, the Company will determine annual measurable objectives for achieving gender diversity.

The ASX Principles and Recommendations provide that the measurable objective for achieving gender diversity in Board composition for entities in the S&P / ASX 300 Index (such as the Company) should be to have not less than 30% of its directors of each gender within a specified period.

In support of the specific measurable objectives for achieving gender diversity in the Board, Group Executive Committee and the global workforce, the Company will continue to adopt the approach of filling existing vacancies and new positions by applying strategies that encourage diversity, such as recruiting from a diverse pool of candidates and identifying factors in the recruitment and selection processes which encourage diversity, including offering flexible working arrangements. In parallel, the Company has adopted a planned approach to review our current internal systems over a period of three years to determine the health of relevant systems and processes and potential areas of improvement to achieve the gender composition targets, with the aim to further foster an organisational culture that enables a safe, respectful, diverse and inclusive workplace.

The Company is a 'relevant employer' under the Workplace Gender Equality Act 2012 (Cth) and discloses its "Gender Equality Indicators" to the Workplace Gender Equality Agency (WGEA) annually. While the Company's Inclusion and Diversity Policy does not include a requirement to assess the Company's diversity against any specified gender objectives during the reporting period, the Company uses internal reporting as well as the WGEA indicators to assess its progress in improving gender diversity.

The Company's latest report to the WGEA is publicly available on the WGEA website.
